

Job Sheet 10-3

Name _____ Date _____

Check Operation of Duct Work and Blend Doors

Upon completion of this job sheet, you should be able to inspect and test the operation of the air ducts and blend doors.

Tools and Materials

Safety glasses
Vehicle

Describe the vehicle being worked on:

Year _____ Make _____ Model _____

PROCEDURE

For each step, the student will check off a "task completed" box.

Completed

With the air conditioner turned on and the vehicle idling, move the temperature control lever or knob to see if a temperature change occurs.

Move the control lever or knob to the different heater and air conditioning modes to verify proper operation of the duct work and blend doors.

Instructor's Response:
